DEMPO CHARITIES TRUST

"Knowledge is power. Information is liberating. Education is the premise of progress, in every society, in every family."
-Kofi Annan

Goa, a culturally diverse and ecologically gifted state is now visualized as a hot-spot for intellectual and artistic exercise. The state has also made its presence felt in the arena of sports. The house of 'Dempo' has had a pivotal role in this transformation in perception; offering Goans an opportunity at higher education as well as sports within the state; thereby bringing to them the key to progress.

The foundation Dempo Charities Trust established four educational institutions in Goa-

1. Dhempe College of Arts & Science – established in 1962 and located at Miramar has been Re-Accredited by NAAC with CGPA of 3.20 on four-point scale at "A" grade in the third cycle of Accreditation. In 2016, the institution was recognized as a "College with potential for Excellence". The college has also received ISO 9001: 2008 Certification by URS and Green Certification.
2. Srinivasa Sinai Dempo College of Commerce & Economics – established in 1966 and located at the New Cujira Integrated Education Complex, Santa Cruz.
3. Vasantrao Dempo Higher Secondary School of Arts, Science & Commerce established in 1975 and located at New Cujira Integrated Education Complex, Santa Cruz.
4. Dempo Higher Secondary School of Science Trust – established in 2012 and located at Miramar.

The total enrollment in these institutions is over 4000. The Trust strives to provide state-of-the-art infrastructure in all these institutions. As a result, the students have performed very well in public examinations and have frequently appeared in the merit lists of educational Boards and Universities and are well-placed in society at large.

The students have also excelled in extracurricular activities, sports and athletics at the inter-collegiate, inter-university and national level. The N.S.S. units have rendered commendable services to the community. The N.C.C wing does the institutions proud with cadets representing the college at state and national levels.

The institutions of Dempo Charities Trust are affiliated to Goa Board of Secondary and Higher Secondary Examinations and Goa University. They are also associated with other educational and professional bodies. Dhempe College of Arts and Science hosts the North Goa Study Centre of Indira Gandhi National Open University and is a center for online exams of various institutions. In 2015, the College became Goa's first institute of higher learning to receive Green Certification, GSCP-01-2010 of the Green Standard Certification Programme, for promoting and maintaining ecologically friendly practices. The institution has also signed MoUs with leading academic and research institutes.

The Trust also provides annual scholarships and financial assistance to deserving students from the institutions under its management as well as to students from different parts of Goa as well as outside Goa.

In order to fill in the gap that exists in the field of research in Goa in subjects related to Goa's culture, arts, society, biodiversity etc., the Dempo Charities Trust has established a fellowship. The financial grant of rupees 5 lakhs is bestowed on the basis of merit for the completion of research in a scientific manner. This fellowship also aims at strengthening and consolidating the intellectual foundations of Goa.

The Trust has recently instituted 50 scholarships in memory of founder trustee Late Padmashri Vasantrao Sinai Dempo for students from Santa Cruz for pursuing higher education.

The Trust also supports and promotes cultural activities like music, theatre and festivals promoting Goan traditions. Seminars, Workshops, Conferences, Training camps conducted by Goa University and other professional bodies find support of the Trust as well.

To commemorate the tremendous contribution of the late Shri Vasudeva V. Sinai Dempo in the field of education; as well as his socio-cultural efforts, the Trust has started an Annual Memorial lecture series presenting to Goans a platform to interact with eminent personalities of international repute from different walks of life.

The Dempo legacy of innovation and service continues through its institutions and other social endeavours.
