The college campus has been designed with the Vastu philosophy of “tapping the energy of earth, for well being” which entails the use of nature’s elements ‘Panch Mahabhoot’ in the design and construction of the campus. Thus, the college building captures natural light at all floors and is excellently ventilated thereby reducing the requirements of electrical energy for lighting and ventilation. All facilities are well ventilated and ambiantly lit with LED lights.

P.G. Department of Tourism Studies (MTTM)

Report on Menstrual Cup Awareness and Solid Waste Management Demo

The P.G. students of DCTs, S.S. Dempo College of Commerce and Economics, Master of Tourism and Travel Management (MTTM) under the guidance of Dr. Cheryl Venan Dias organised a Menstrual Cup Awareness drive for housekeeping staff and MCom Students of S.S. Dempo College. The eight female students collected data about seven housekeeping staff and created awareness of Cost and Benefits of using Menstrual Cups. They also provided them with health tips and the manner of using the cups effectively. The session was also attended by thirteen female students from the college. The house keeping staff will be provided with menstrual cups by Eco Kshatriya Foundation as an Institutional Social Responsibility and the other students have pledged to use Menstrual cups in future.

The college Bore Well is a useful tool to access ground water as availability of surface water is limited. The proper limited use and monitoring is ensured to meet college usage. The facility is also shared with the neighbouring Dhempe Higher Secondary School to optimize the resource in a sustainable way.
